SOURCE

1. About 20 trucks with numbers of the 73-10-xx series were entrained at the JUETERBOG (N 52/E 42) railroad station.

2. Sixteen heavy-duty flatbed railroad cars, to be loaded with tanks, were standing at the railroad station.

25X1X [redacted] more than two hundred flatcars were standing on classification tracks at the RIESA (N 52/E 8A) railroad station on the same day.

25X1X [redacted]

4. According to their motor vehicle numbers, the entrained trucks belonged to a component unit of the 8th Gds Mech Div.

5. The flatcars standing at the RIESA railroad station were presumably part of the rolling stock available for SMA purposes. It is known that seven thousand railroad cars are kept at the disposal of the SMA, Germany, in the entire Soviet Zone of Germany.

This document is hereby regraded to CONFIDENTIAL in accordance with the letter of 16 October 1978 from the Director of Central Intelligence to the Archivist of the United States.
